Course are numbers listed on curriculum sheet--please write neatly! Write the course number for both semesters of year-long course. You need 7 total classes excluding lunch!

Please keep in mind that year-long classes are year-long commitments. No class changes will be made at the start of school unless it is clear after the first several days of class that a student is misplaced in a course. Part of the student's responsibility in helping the team make this determination is to seek extra help from the teacher of the course in which he/she is struggling. Getting a "B" or a "C" is not a reason to drop a course.
